

Reporting to Parents

Welcome to Linc ed

National Administration Guidelines

NAG 2

Each board of trustees, with the principal and teaching staff, is required to:

1. on the basis of good quality assessment information* report to students and their parents on progress and achievement of individual students:
 1. in plain language, in writing, and at least twice a year;

Linc Ed

Linc Ed is a Student Management System (SMS) that allows teachers to communicate with parents on a more regular basis than twice a year. At Rakaia we have been using the software for just 6 months and have begun to populate feedback and comments for parents that will be released in August at the start of term 3.

From then the software will be live and we will be adding at least three comments per student per term for your information, providing a way to communicate success with you.

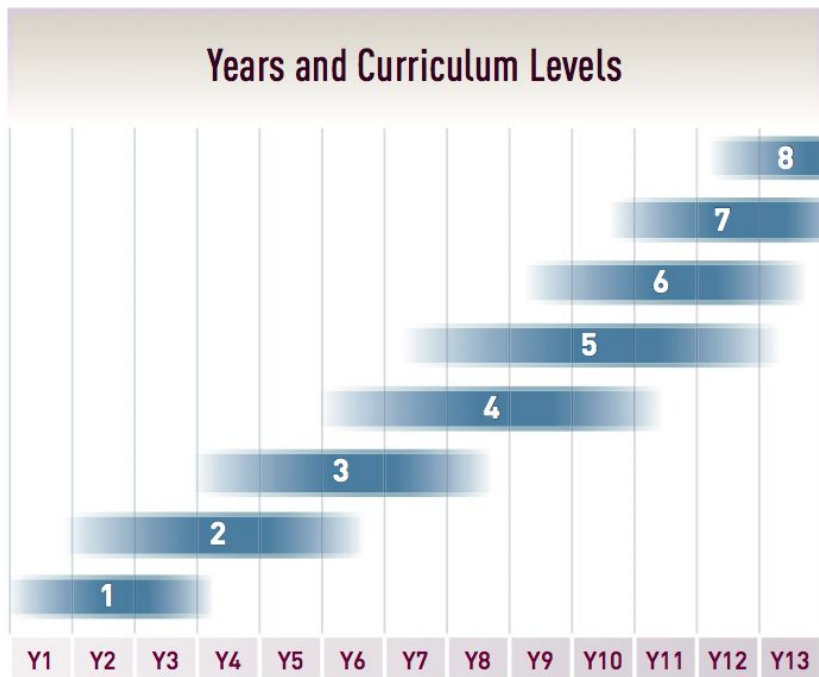

What will you be able to see ?

We will be releasing comments in the areas of Maths, Reading and Writing as well as IPC comments and values comments. There will also be a general comment at the end of every year.

As the understanding and use of Linc ed develops we will be able to add more if desired by the community and if that is achievable with curriculum demands.

Comments will almost always include a picture, movie or sample of work

Will I still be able to meet the teacher?

Absolutely and it is encouraged but now it will be something you can choose to do at a time to suit you both rather than the old Mid Year and end of Year reporting times.
